Green Policy

Consciousness towards environment is epitomized in the heart Maharaja Agrasen Institute of Technology. Maharaja Agrasen Institute of Technology' embraces the concept of sustainable development focused on environmental sustainability. Maharaja Agrasen Institute of Technology is committed to maintain and strengthen the ecological balance at its campus.

All the students, faculty and stake holders are requested to use eco-friendly solutions. The Institute has endeavours to reduce, reuse and recycle the waste material through sound management practices and unique eco-friendly solutions. Energy Management. Solid Waste Management, e-Waste Management and Waste-water management are the key thrust areas forming the green policy of the Institute.

Following policies have to be adopted and maintained.

1. To make the campus plastic-free.
2. To harvest rain water so as to recharge ground water reservoirs.
3. To organize tree plantation drives periodically with the help of students and faculty members in order to make the campus green and beautiful.
4. To maintain lush green lawns with variety seasonal flowers blooming across the campus.
5. To promote the use of Green & Blue dustbins in order to segregate the solid waste into dry and wet category.
6. To use biodegradable waste for the production of bio-mass in the in-house nursery for maintaining the landscape of the Institute.
